clubbing rate with The Memphis
Weekly Commercial Appeal by
which we will furnish both papers

scription price of \$2.25. The Com-

Heart is Best Guide.
The man who offers sympathy to a
neighbor and who comforts him in
time of trouble can afford to run the
risk of being accused of not minding
his own business. An act of gen-
uine kindness is readily distinguished
from intermeddling. The heart is
sometimes a better guide for action
than the head.

Stung.
Peter Piper had picked a Peck of
Pickled Peppers. The bell rang. "A
Peck of Pickled Peppers distanced at
the post!" shouted the announcer
through his megaphone. Peter Piper
tore his hair. "Never again!" he
cried, meaning that he meant to dally
with the ponies no more forever.

Averts Awful Tragedy.
Timely advice given Mrs. C. Wil-
loughby, of Marengo, Wis. (R. No.
1) prevented a dreadful tragedy and
saved two lives. Doctors had said
her frightful cough was a "consump-
tion" cough and could do little to
help her. After many remedies
failed, her aunt urged her to take
Dr. King's New Discovery. "I have
been using it for some time," she
wrote, "and the awful cough has
almost gone. It also saved my lit-
tle boy when taken with a severe
bronchial trouble." This matchless
medicine has no equal for throat and
lung troubles. Price 50c and \$1.00.

Do Ghosts Haunt Swamps?
No, never. It's foolish to fear a
fancied evil, when there are real and
deadly perils to guard against in
swamps and marshes, tayous, and
lowlands. These are the malaria
germs that cause ague, chills and
fever, weakness, aches in the bones
and muscles and may induce deadly
typhoid. But Electric Bitters des-
troys and casts out these vicious
germs from the blood. "Three bot-
tles drove all the malaria from my
system," wrote Wm. Fretwell, of
Lucama, N. C., "and I've had fine
health ever since. Use this safe,
sure remedy only. 50c at all drug-
gist.

The Age Of Animals.
Dr. Chalmers Mitchell in making in-
vestigations into the longevity of
the animal kingdom asserts that
only mankind, whales, elephants,
eagles, and parrots live to be a hun-
dred years old. In a recent lecture
Dr. Mitchell presented a schedule of
life in lower orders of birds and ani-
mals, of which a number of his tabu-
lations are reprinted here.

Animals. Years.
Elephants.....100
Whale.....100
Eagle.....100
Parrot.....100
Owl.....80
Orang-outang, chimpanzee.....70
Rhinoceros.....60
Crow and raven.....60
Lions, tigers, bears.....60
Horses, deer.....40
Goose, duck.....30
Cattle, sheep.....20
Squirrel.....20
Canary.....20
Cat.....20

In the main the more highly or-
ganized animals are the longer
lived, as the doctor shows in com-
paring the chimpanzee, with seventy
years, to man's 100 years and to the
twenty-five years' life in the lower
order of apes.—Chicago Tribune.

Gives Aid To Strikers
Sometimes liver, kidneys and
bowels seem to go on a strike and
refuse to work right. Then you
need those pleasant little strike-
breakers—Dr. King's New Life Pills
—to give them natural aid and gen-
tly compel proper action. Excellent
health soon follows. Try them. 25c

FOR AFTERNOON TEA TABLE
Novel Little Cakes With Which
Hostess May Please the Guests
In Her Home.

The hostess who likes novel little
cakes for afternoon tea will find these
palatable. A sort of sweet biscuit,
shaped like a ladyfinger, is made from
the well-beaten whites of three eggs,
into which is beaten almost half a
pound of confectioner's sugar. Add
four ounces of melted butter, and stir
in quickly at the last four ounces of
pastry flour.

Put this paste into a pastry bag and
force through a tube on well-buttered
baking sheets. Form finger shapes not
too close together, as they spread, and
bake in a moderate oven until a deli-
cate brown.

For an almond cake, beat to a cream
three ounces of butter and half a
pound of soft A sugar, then add grad-
ually half a pint of milk and enough
flour to make a light dough. Stir in
a quarter of a pound of blanched and
minced almonds, lightly floured. Put
on a floured board, roll about a quar-
ter of an inch thick, and cut into di-
amonds and squares.

Almond macaroons are made by
beating the whites of three eggs to a
stiff froth, then stirring in half a
pound of confectioner's sugar and the
strained juice of half a lemon, and
last half a pound of ground almonds.
Put paper on a flat baking sheet, drop
the mixture on by teaspoonfuls, and
bake in a quick oven until a light
brown.

Little German caraway cakes are
made by mixing two cups of flour, a
cup of butter, a cup and a half of
sugar, flour and eggs, two teaspoon-
fuls of rosewater, and half a cup of
caraway seed. Drop on baking sheet
and bake in a slow oven from twenty
minutes to half an hour.

NEW IDEA FOR COFFEE POT
Simple Contrivance, but It Will Be
Highly Appreciated by Every
Housewife.

How many housewives have burned
their fingers by opening the hot lid of
a coffee pot to permit of a freer flow

of the liquid? To obviate this an Iowa
man has invented a coffee pot, the lid
of which remains closed. By pressing the
small lever on the handle air is
admitted and it runs out rapidly in a
straight stream, instead of gurgling
out and splashing over the sides of the
cup. This is one of those minor inven-
tions which the average person does
not appreciate but which add materi-
ally to the comfort and satisfaction
of the housekeeper and should interest
all men who are anxious to save their
wives as much of the unpleasantness
of cooking as possible.

Tapoca Broth.
Put a knuckle of veal in a soup
kettle with whatever vegetables are
convenient, these having been cooked
previously. Pour over this half a
gallon of water and let simmer gently
until the meat is done. Strain the
broth through a cloth into a bowl and
let stand until cold. Then remove
the layer of grease from the top and
put the broth into a saucepan on the
fire. When it comes to a boil add
enough tapoca to thicken the soup.
Let it boil for 20 minutes and turn in-
to a hot tureen.

In Cooking Cauliflower.
In cooking cauliflower, which is spe-
cially abundant in the fall, try sim-
mering it tender in half milk and half
water. It greatly improves the flavor
and appearance of the flower. After-
ward the liquor, which will have boiled
down in the process (for this vege-
table should never be cooked with the
lid on the vessel), may be thickened
with butter and flour, after which one
has a tasty sauce without further
trouble.

Quick Broth.
One cup of chicken or turkey stock
made by using bits of left-over meat
and breaking the bones and cooking
them until all the juice is extracted,
one-half cup of cooked rice, one cup
of vegetable puree, one-half carrot,
one-half onion, minced. Add a pint
and a half of boiling water, one tea-
spoon of salt or less. Let boil and
skim well. Simmer for about an hour.
Season, strain and serve.

How to Make Baking Powder.
An economy which the women of
our family practice is that of making
their own baking powder. Make it on
a bright dry day and sift the ingredi-
ents at least eight times. Use eight
ounces of pure cream of tartar and
four ounces each of baking soda and
cornstarch. Seal in airtight boxes or
cans.
